Preliminary Investigation Report – Commander Review

LIEUTENANT'S REVIEW:

ISSUE: An anonymous male complainant contacted OPA by phone to allege the

named employee used profanity on two separate occasions during official department-related meetings.

ANALYSIS: The anonymous caller failed to provide OPA-IS with sufficient information to put the alleged use of profanity in context. However, a member of the OPA-IS unit was in attendance at one of the department meetings and recalled that profane words were used by members of the command staff to illustrate the circumstances under which such language would be unacceptable if used during an officer's interaction with a citizen. Profanity used for such demonstration purposes in-house would not amount to misconduct.

ENTRY <u>COMMENCE EACH ENTRY WITH A NUMBER AND THE DATE AND TIME</u>		

- 1 6-2-11 / 1515 hrs: I received a phone call from a man who requested that he remain anonymous. He provided no identifying information about himself, and my phone's caller ID screen displayed no phone number. The complainant alleged [REDACTED] used profanity on two separate occasions during official department-related meetings.

The complainant reported he was present during a mandatory meeting between [REDACTED] and SPD sergeants, which took place on 1-27-11 at 1600 hours. He provided no information as to the location of said meeting, but estimated there were 40-50 people present. When asked if all the attendees were sworn SPD sergeants he declined to elaborate. The complainant alleged that he heard [REDACTED] say the word "fuck" 2-3 times, and the word "asshole" once during the meeting. He claimed [REDACTED] used such language as he addressed the meeting's attendees. When asked about the context in which [REDACTED] allegedly used the profane words, he said the word "asshole" was used as the [REDACTED] referenced an unknown person. The complainant did not recall the context in which [REDACTED] used the word "fuck." He was unwilling to provide any additional details about the meeting.

The complainant went on to allege [REDACTED] addressed a group of unknown people during a "Patrol Advisor Board" meeting, which took place on 5-5-11 at 0800 hours. The complainant claimed not to have been present, but said he received this information from an anonymous witness who was. He alleged [REDACTED] said the word "asshole" twice as he addressed the meeting's attendees, but did not recall the context in which the word was used. The complainant provided no additional information and was quick to end our conversation.

- 2 6-3-11 / 1538 hrs: I sent e-mail to [REDACTED] Senior Executive Assistant, Alyssa Pulliam, requesting information about the May 5th meeting described by the complainant.
- 3 6-6-11 / 0900 hrs: I received e-mail from Chief Metz, which included all available information about the meeting held on 5-5-11. I added the e-mail to the case file.
- 4 6-9-11 / 1625 hrs: I spoke on the phone with [REDACTED] Senior Executive Assistant, Alyssa Pulliam, in order to verify the existence of the meeting the complainant said he attended on 1-27-11. Alyssa said she e-mail me the details tomorrow.

- 5 6-10-11 / 0900 hrs: I received e-mail from Alyssa with the details I requested. According to her e-mail, a mandatory meeting entitled "2011 Priorities" between [REDACTED] Assistant Chief Sanford, and dozens of SPD sergeants was held in the Traffic Section's roll call room on 1-27-11 from 1600-1800 hours.
- 6 6-10-11 / 1000 hrs: I had a conversation with a sworn OPA staff member who attended the aforementioned January 27th meeting. He recalls profanity having been used during the meeting, but does not specifically recall which of the chiefs in attendance used the words. According to his recollection, the profane words were used in an effort to illustrate circumstances under which such use would be unacceptable during an officer's interaction with citizens.
- 7 6-10-11 / 1315 hrs: Case submitted to Lt. Kuehn.

Jason,

Please process the complaint from the anonymous caller, i.e., enter it into AIM, and, if possible, do some intake investigation. Check with Alyssa Pulliam to determine what meeting the [REDACTED] attended on that date in May, e.g., determine the exact name/location of the meeting, others who may have been in attendance, etc. Similarly, if you can get any information from sergeants that attended the all sergeant meeting concerning the context of what was said, add that to the case. As with any other intake, I'm just trying to have enough information upon which to base a classification decision. Thanks
